# SPECTATOR POINTS

All spectating at the **Maryborough Toyota Pyrenees Rush** is **FREE** but we ask that you follow the advise of the Spectator Officials and the following advise to ensure the your safety and that of the competitors.

## DO'S AND DONT'S OF SPECTATING

(Please read)

Cars under competition conditions can lose control and leave the defined road at any time. Do not stand in any areas which are not authorised or which are contrary to the advice of the organisers and officials/marshals or where you feel may be unsafe.

Be prepared. Weather wise, bring hats, ground cover, sun screen and protection in case of rain or cold weather. Food and drink outlets may be provided at the spectator point (refer spectator instructions), but if not, ensure you have some of your own food and drinks available.

Park your car sensibly so that it will not obstruct emergency vehicles, competitors, service crews or other spectators. In all cases obey parking instructions given by supervising officials. It is usually best to park your car facing the way out.

Do not try to emulate rally drivers. Remember that if you give cause for complaint it will reflect badly on the rally and the sport as a whole. Drive carefully both to and from spectator viewing areas, and be ready to give way if necessary on narrow stretches of road.

Please do not take dogs or young children to spectator points. If you have to, make sure they are completely under your control and please make sure that animals and children do not get in the way of competing cars or mechanics or officials when they are working.

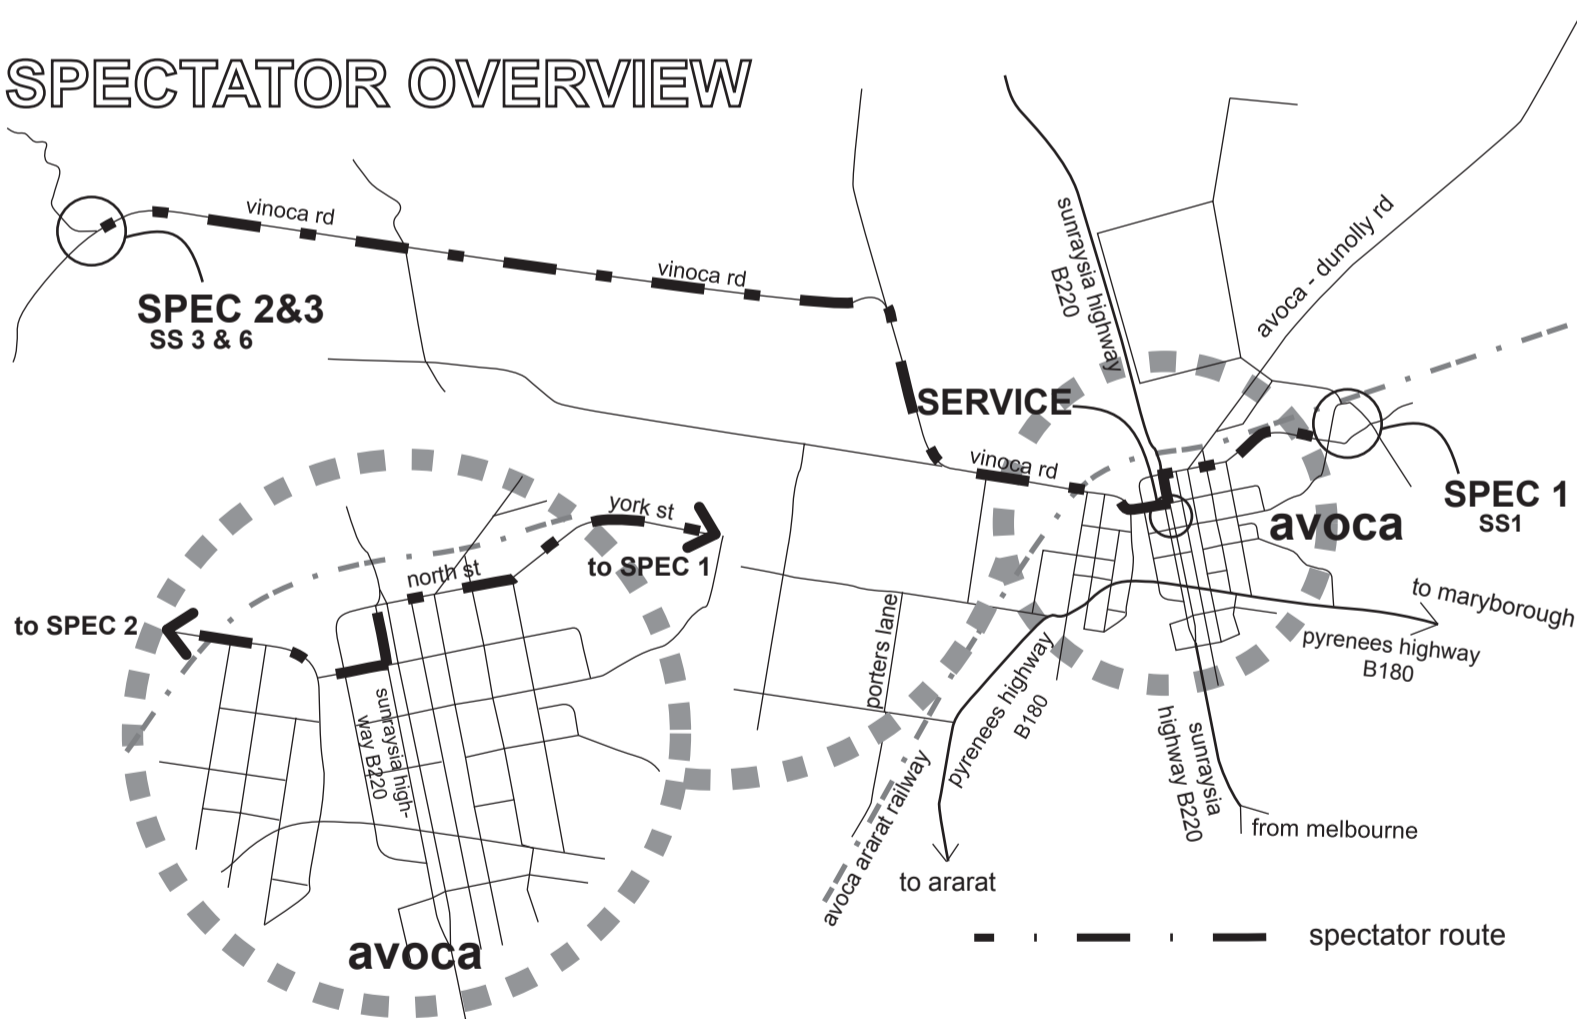

Do not light fires or smoke in the forests. Do not smoke near a car that is being serviced or refuelled.

At all times keep clear of controls, including from the timing marker to the control area. If control officials ask you to move, please help them by doing so - remember they have a job to do which can be difficult enough as it is. If you do want to see a control point in action, remember to stand well back from the control area.

Take your entire litter home with you - it is handy to have a bag or carton in your boot. Cans and paper do not help beautify our forests.

At service points do not crowd mechanics when they are working. They would not appreciate it. Neither will you if someone drops a wheel or a sump guard on your foot!
